

# AH-3 (ACTIVE)

The TESLA AH-3 is our most recent model of our ever growing line of excellent active pickups that feature “STAGGERED POLE PIECES” so that the player can achieve the perfect “TONAL BALANCE”. The AH-3 is the performer that comes at you with heavy, full sounding bass notes, a middle that is amazingly strong and clear, plus blistering treble notes that are amazingly bright and crystal clear! Tested extensively by professionals, this pickup is made with Polyurethane Copper Wire and Alnico 5 Magnets. Our newly designed super-efficient preamp features a power consumption of only 90 micro amperes. That means your 9 volt battery will last approximately 6,000 hours, which translates to that on a guitar that is using two AH-3 pickups and you play 5 hours a day, the batteries will last for 1 ½ years!

Position	Resonant Peak	Spacing	Output Level	Tone Chart:
NECK:	1.6 kHz	50 mm	HIGH	
BRIDGE:	1.5 kHz	50 mm	HIGH	

**MORE INFORMATION**

Type: DUAL COIL

Copper Wire: POLYURETHANE

Magnet: ALNICO 5 (BAR)

Battery Life: 6000 HOURS

Current Consumption: 90 µA

4 CONDUCTOR WIRE:

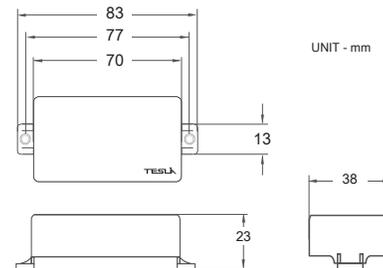

- RED-DC 9VOLT
- WHITE & BLACK-HOT
- GREEN & SHIELD-GROUND

PICKUP COLOR:

BLACK

MUSIC STYLES:

ROCK, METAL, POP

Neck & Bridge
