

OPUS-3

The OPUS-3 is the latest of premium products released into our OPUS line of pickups by TESLA, that we believe to be “Better than Hand-Wound”. This pickup is an old Gibson/Epiphone style mini-humbucker that features clear and clean middle tones that are tender and sweet, yet bright and strong. The bridge pickup is wound about 15% heavier than the neck pickup, thus creating the perfect balance in sound and tone!. The OPUS-3 pickup is carefully made with heavy Formvar copper wire and Alnico magnets. The coils are wax potted for stabilization to insure the complete, clean reproduction of sound. Equipped with 4 wire leads that give the player endless tonal possibilities.

Position	D.C.Resistance	Resonant Peak	Spacing	Output Level	Tone Chart:
NECK:	6.2 kohm	7.6 kHz	50 mm	MID	
BRIDGE:	7.2 kohm	6.5 kHz	50 mm	MID-HIGH
